3/11/71

Dear Mary,

In my haste I forgot to ask you how many books you will want.

If you tell me, as soon as I get any, I'll send, special handling to get them there faster.

I'll know very shortly if there is to be any delay and I can let you know.

Please tell Arch that I saw Bud and Jim today and they are getting the copying done this weekend. In order to get a good rate, which is about half the regular rate, for those who want copies, they have to get it all done at one time. I don't know if it is whether they have now heard from everybody or they have decided that they'll not wait any longer, but they are not.

Please also ask Arch to understand that they have been enormously occupied with legal matters, were away for a week, had to prepare for the hearing and all of that.

They have not been lazy or negligent. Knowing this, I never asked them when they'd have my copies.

Best,
